Live Production

Audio Platinum

Stage & Audio Event Solution's premier live production rig is the known as the **Platinum System**.

This system is commonly used by Australian and International acts, perfect for large scale events with large crowds.

This system consists of up to 20x JBL VT4888 Vertec Line & 26 JBL Subs with Crown IT12000HD Amplifiers. For all mixing S&A use Yamaha PM5D mixing consoles.

“ With over 30 years experience in the live production industry S&A have **three primary concert audio systems** for hire that ensure the highest standard of sound for any venue and crowd size. ”

Audio Gold

Stage & Audio Event Solution's **Gold System** consists of up to 12 JBL VRX932La & 12 JBL SRX718S Sub Bass Cabinets. Traditionally 3 Subs and 3 Top boxes a side are sufficient for most indoor venues up to a 1000 people.

Of course this size depends on the act and sound level expectations. Audio control consists of a Yamaha M7CL for FOH & a Yamaha MC3210 with BSS Graphic Equaliser & Crown Amplifiers.

Other components consisted within the system include cabling, six individual mixes of monitors on stage along with stands and stage power for the artist. Additional information on the Gold System is available upon request.

Audio Silver

Stage & Audio Event Solution's **Silver System** consists of 6 x JBL 4892 Array top boxes along with 6 x SRX718S Bass Cabinets.

The Silver system is more than suitable for corporate dinners and functions with intimate crowds of up to 1000 guests.

The system consists of a Roland M400 V-Mixer which allows up to 16 mixes and up to 40 Channels. Of course within the system all amplifiers, graphics, cabling, microphone stands and stage power are included.

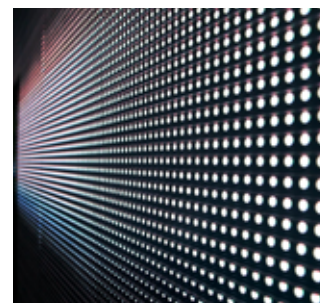

Live Production & Exhibition Vision

Live Production Vision

LED Signage is the future. It is a great way to push your product and really create an edge over competitors to make your event trolly spectacular.

The versatile product can be used in any configuration imagineable and can televise live feeds along with replay and score boarding. Perfect for rodeo's and any other sport.

With qualified technicians there by your side every step of the way to ensure your event stands out from the rest.

Trussing & Staging

Ground Support Systems/Staging

Staging and Rigging are one of our many specialties. With over 30 Years experience, Stage & Audio's licenced riggers can be with you from the conceptual stage right through to the setup and pack up of your event.

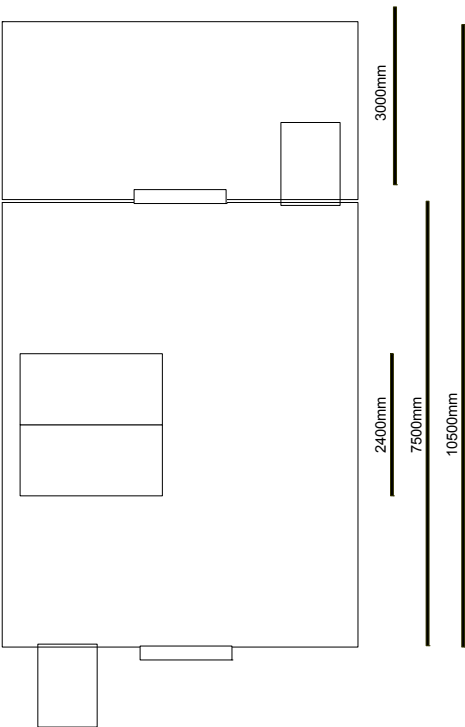

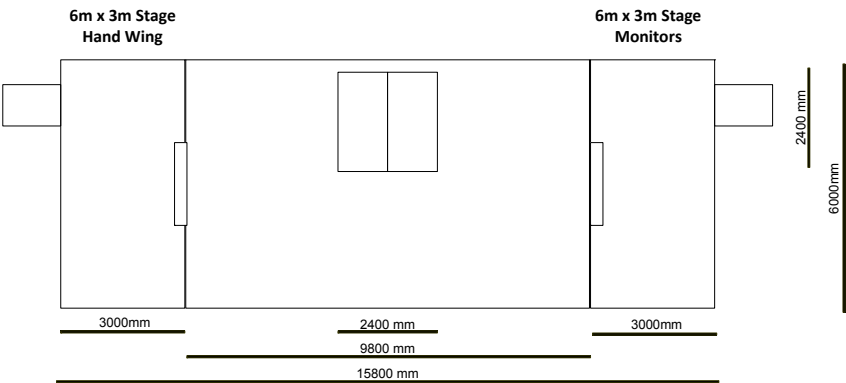

Mobile Staging

Stage & Audio are proud owners of two Mobile stages; the Concert Stage (32 ft + 2 x 9ft Wings) and the Festival Stage (24ft). We can also create and erect ground support systems along with accompanying stages depending on size and requirements requested.

Stage 1 (Right) Dimensions 24ft Mobile Stage - 7.5m x 6m x 1.3m High, 3.5m Roof

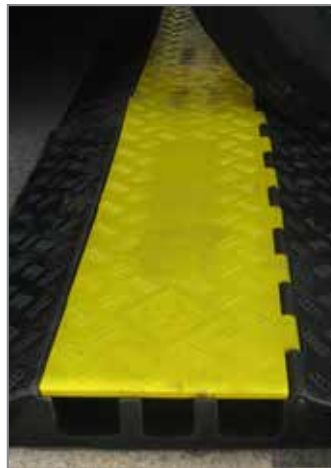

Stage 2 (Below) Dimensions: 32ft Mobile Stage - 16m x 6m x1.5m High x 6m Roof
